Fire Chief Lauds City Record in Fire Prevention

In calling for a city-wide observance of Fire Prevention Week during Oct. 3 through 9, Fire Chief Fred Pimental today pointed to the alarming increase in fires and their resultant loss throughout the nation.

"Fire Prevention Week should be observed with serious consideration and safety practices of that week carried out through the entire year," the Chief said. "While fire losses have increased alarmingly throughout the country, this area has had a comparatively small loss. This is largely due to a citizenry that not only realizes the dangers of fire but also practices fire prevention. In so doing, the home owner assures protection to his family, adds to the security of his neighbors and eliminates hazardous conditions that add to the danger of civilization's most destructive element."

Chief Pimental extended an invitation to anyone seeking information on fire prevention to bring their problems to the Fire Department.

In the past week and during Fire Prevention Week the Chief and members of his department are showing films and lecturing to schools, churches, civic and fraternal organizations.

Joel Popper, 706 Gateview Ave., will direct a discussion on city planning for recreational facilities to meet the need for more nursery schools, a youth center, additional play areas and other related problems.

Among the civic leaders who will discuss these problems will be Mrs. Nell Curran, director of the Albany Pre-School Center; Father Charles Jackson from St. Ambrose Church; Emmet Devine, acting director of recreation; Sergeant Vernon Freeman, Police Juvenile Officer; Robert Dennis, director of adult education and Ernest Blow, chairman of the Park Planning and Zoning Commission.

Albany Theatre To Show Local Talent on Stage

Amateur and semi-professional vaudeville will return to the stage of the Albany Theatre Wednesday night, Oct. 13, when Manager Wm. Garren inaugurates a series of "Television Try-outs," under the direction of Scotty Weston, Oakland dance instructor who manages and books many East Bay stage shows. These programs are designed to offer talented youngsters of this area the opportunity to display their abilities in dancing, singing and other forms of entertainment.

With television broadcasts shaping for December of this year in the Northern California area, the Albany Theatre will offer these stage try-outs to give talent scouts a chance to see local youngsters enter the stage.

A heavy season of big films is scheduled at the Albany Theatre for the fall movie season which opens today. Among the many fine films to be shown are "River Lady," "Homecoming," "Emperor Waltz," "On an Island with You," and many others. An old time horror show is planned for Oct. 6 with two Frankenstein pictures. This show is not recommended for children.

Joe Camella, in charge of the produce department, has had many years of handling all types of produce and is able to select the finest from the vegetable wholesalers. Joe

Miss Marian Cuneo whose betrothal to Donald Eric Graeber was announced early in September. Their wedding date is tentatively set for June of next year. Marian is the daughter of the Michael Cuneos of San Francisco and Don's parents are Councilman and Mrs. Charles F. Graeber of 1061 Peralta Ave.

Family Relationships Topic of Discussions In Evening Classes

Four discussions, centering on family relationships, are scheduled as part of the adult education program provided by the Albany Board of Education in the Albany Child Care Center building, 1140 Ninth Street. These discussions, to be held each Thursday evening, 8 to 10, from Sept. 30 to Oct. 21, will be led by Dr. J. Raymond Cope, pastor of the First Unitarian Church of Berkeley. The discussions will cover the following subjects:

Sept. 30: "Psychological Factors in a Good Marriage."

Oct. 7: "The Challenge of Parenthood."

Oct. 14: "A Psycho-analytical View of the Family."

Oct. 21: "What are we Raising our Children For?"

Dr. Cope, the father of two children, is an ordained minister with an outstanding background for his course in family relations. He did graduate work in psychology at Harvard University, and in 1937 received his doctorate in philosophy at Ohio State University. Following this he taught philosophy at the Indiana State University. Later, while at the Unitarian Church in Salt Lake City, he established a nursery school in connection with his church and headed several statewide institutions. Since 1946 he has been at the First Unitarian Church of Berkeley. In addition to his ministerial duties, Dr. Cope has been very active in this area in marital and psycho-analytical counseling, as well as in the field of lecturing on family relations, psychology, foreign affairs, and social subjects.

This particular evening course is organized as part of the parent education program of the Codornices Pre-School Play Center. However enrollment is not limited to mothers with children in this center. Fathers as well as mothers, will find the course both interesting and beneficial. The public is invited to attend.

New Ice Cube Machine Now Installed at Michael's Liquors

The day of embarrassment for a host or hostess from a shortage of ice cubes has gone the way of the horseless carriage, according to Mike Fahmie, owner of Michael's Liquors, 1495 Solano Ave., who recently installed a new automatic ice cube machine. This wondrous new machine turns out 10,000 ice cubes a day and is another of the many attractions making Michael's the favorite of bargain-wise shoppers. Also outstanding at Michael's is the largest beer refrigerator in the state of California, the most complete stock of wine and liquor and a full line of the latest magazines.

Michael's invites Albanyans to stop in and see the four fresh roses frozen in a 300 pound block of ice.

O. E. S.

Chapter 550, O.E.S., will hold their regular meeting and initiation Friday, Oct. 1, at 8 p. m. at the Macabees Hall, Kains and Marin Aves. Marjorie O. Roney, Worthy Matron, and Harold W. Olson, Worthy Patron, will preside. There will be an entertainment by the Albany Eastern Star circle. Mable Kohlscheen, president of the Sewing Club, is in charge of the entertainment.

Exchange Club Hears Pimental On Fire Safety

The Albany Exchange Club dedicated their Tuesday night meeting at Gaeta's Coffee Shop to Fire Prevention Week and heard Fire Chief Fred Pimental review last year's enviable record of the Albany Fire Department. Pimental thanked the members of the Exchange Club for their interest in fire prevention and urged continued action throughout the year to promote fire safety. Hoseman Dick McSheehy then showed two films produced by the National Board of Fire Underwriters.

State Assemblyman Thomas Caldecott Jr. was present as a guest of Raymond "Buzz" Cleary. He explained the 19 proposals coming before the voters in the November election.

During a discussion on proposed amendment No. 18, City Attorney George Glavinovich pointed out that passage of this measure would bring state compensation to cities and counties for loss of revenue through tax exemptions granted to veterans, churches and similar tax free land. Jack Hamilton, past commander of Albany Post 292, American Legion, said his and other local veteran organizations were in favor of the measure.

President Henry Villa announced that the annual Halloween party is to be held at El Molino's in Lafayette at the end of October. A gala evening is being planned for the costume dinner-dance. Committeemen working on the project are Villa, Harry Williams, Ed Haran, Jack Hamilton, George Fiderio and John Pleicht.

The meeting next Tuesday will be held at Gaeta's at noon. Chairman Ed Haran has announced that he will have as his guest speaker St. John Smith, football coach at Albany High School.

Legion Program To Open Fire Prevention Week

By WALTER HOLLAND

To start National Fire Prevention Week, Albany Post 292, American Legion will have Fire Chief Fred Pimental and his men show two films and talk on fire safety at the meeting Friday night, Oct. 1. "The boys of the department will show up at the Legion meeting in their big hats and gang up on the Legionnaires to entertain and instruct with what we hope will be the means of saving a home or a life," the Chief said.

Commander Carl Waters feels the Legion is lucky in being among the first to see these films. "One of the programs of the Legion is conservation," the Commander said, "and fire being one of the main threats of our resources and wealth we are happy to cooperate with the Fire Department in their efforts to make people fire prevention conscious."

"I hope every members as well as all veterans," Waters continued, "will attend to see this fine program."

Ed Coulton, entertainment chairman, will be in charge of the program and entertainment for the department and Legionnaires following the show.

Others who will take an active part in the evening's entertainment are Roy Harford, Lyle Bench, Jack Sloan, John Chaplick and Art Carlson. All are fire insurance agents and adjusters, members of the Post.

MORGAN'S MEANDERINGS

By MORGAN THOMPSON

The Albany Junior Chamber of Commerce paper drive went over with a heavy bang Sunday when the young businessmen collected enough paper to fill an automobile freight car.

City Attorney George Glavinovich is back in town after a two weeks "vacation." Of those two weeks, one was spent at a meeting of the State Bar Association in Santa Barbara and three days at the meeting of the League of California Cities in Long Beach, Oh, happy vacation days.

Antoinette Stallone, sister of the Albany and Berkeley Doctors Victor and Jasper Stallone, jumped into her new '48 Buick, picked up her cousins, Maria D'Acquisto and Florence Quilici in San Francisco and headed south for 12 days. She returned Monday with glowing accounts of a swell time in Hollywood, San Diego, Tijuana, Lake Arrowhead and way points.

Curt Campbell got the latest word from the big office recently when he attended a regional meeting at Seattle. Henry Ford II conducted the joint Ford-Lincoln-Mercury meeting.

Mrs. Maude Lampson, 905 Evelyn Ave., has been practically commuting between here and Bend, Oregon, since husband, Frank took a job there. She takes off north again just after Oct. 15.

Evening School Offers Drama, Radio Course

Enrollments are still being accepted for a course in dramatic interpretation, entitled "Little Theater and Radio Workshop" given each Monday evening at the Albany Evening High School.

Taught by Richard Eilers, the course includes instruction in voice and diction, dramatic interpretation for stage and radio, radio announcing, dramatic narration and stage and radio production. As the quarter progresses there will be a practical application of instruction in one-act plays and radio drama.

Eilers, currently with KQW and the Columbia Broadcasting System, has had 18 years of professional radio experience as an actor, announcer and producer. Among the positions he has held are those of Chief Announcer, NBC, San Francisco; Production Chief, Office of War Information, Pacific Bureau; and Director, University of California Little Theater. He has often played in support of famous stage and radio stars. Recently he wrote "Glory in the Land," the Alameda County Centennial pageant.

The class is tentatively scheduled for 7:30 to 10. However, it will be extended a half hour if those enrolled desire.

Local Music Teacher's Book Tells of Unique Instruction Method

Helen Cushing Selle, local music teacher, is nearing completion of a book describing her "visual-activity music games" now proving very popular in teaching youngsters their piano lessons. This fresh approach to music employs games, puzzles, and clariants and, according to Mrs. Selle, "sugar-coats the fundamentals of better music learning."

Mrs. Selle's unique method of teaching harmony has been received in her studios in Albany and Oakland to the extent that she is now conducting a ten week course of instruction to other piano teachers in the use of this "fun way to musical knowledge."

Music circles are looking forward with a great deal of interest to her book. Her method of teaching has been praised by such prominent educators as Miss Leli McKenzie of the McKenzie School at Mountain View and Dr. George Sheviakov of San Francisco State College.

Mrs. Selle is a singer of distinction having appeared in a number of presentations of the Detroit Light Opera Association. She studied with Dr. Cyril Baker of the Musical Institute of Detroit and with A. Foiretti of New York.

Child Hosp. Deficit Cited as Need for Aid for Comm. Chest

The deficit in the East Bay Children's Hospital account was cited recently by Community Chest President Bruce Zimmerman as an instance of how increased costs of operating Chest agencies make larger contributions imperative in this year's Red Feather drive.

Services rendered the Berkeley area by the hospital's Out Patient Department during the month of August totaled \$632, and patients actually hospitalized during the same month received services amounting to \$927.

Against this aggregate of \$1559, the Berkeley-Albany-Kensington Chest was able to give Children's Hospital only \$572.91 for the month, leaving a deficit of nearly a thousand dollars.

Emphasizing that this was only a single case, Zimmerman said that similar situations exist with regard to several of the Chest's 22 other health, welfare, and youth guidance agencies.

"Several agencies have had to curtail their services in order to stay within their budgets, while others have been forced to work their limited staffs overtime," he declared.

"Ultimately, unless this year's campaign meets its goal, the entire community must suffer from the curtailment of socially necessary services," he stated, adding an appeal that all donors "give something more" when the drive begins on October 4.

Fire Insurance Agents Give Statistics on Annual Fire Losses

Every time the clock strikes midnight, another \$2,252,000 worth of property throughout the nation, on the average, has gone up in smoke. Yet, 90 per cent of it, statistics show might have been prevented.

This statement, made as a forerunner to Fire Prevention Week, October 3 to 9, and a plea for wholehearted community cooperation in giving attention to the prevention of fire has been issued by the Albany Association of Insurance Agents.

In asking the help of the local

populace, members of the local insurance group reveal that the national fire property toll is already at its highest point in history and is still going up. The daily drain on American economy, put in other terms, is the equivalent of the endowment of Mills College in Oakland. In two and a half months, it would endow another Harvard university, the country's richest educational institution.

Members of the local agents' association are asking each citizen

to help slow the fire toll by giving thought to home and business fire prevention during the coming week. Hazards can be reduced, they suggest, by making certain that all inflammable liquids are stored in a safe place, by checking for and replacing any defective wiring, and by getting rid of rags or other trash. It is such commonplace things as these, according to records of the Board of Fire Underwriters of the Pacific, that cause the majority of destructive fires.
